ABOUT US

MOTION COMPANY WLL was established in the State of Qatar for the past 10 years with a vision to provide a world class professional service in within Qatar. Motion can provide you with seamless local services to support your operation in Qatar via our various divisions that ranges from landscaping, hardscape, sports flooring, site furniture to irrigation works.

Currently, we are executing many projects around Qatar with main contractors and major clients such as Asghal, Kahramaa, ministry of Education, Municipality and QP.

Also, we are always keen in implementing new ideas and to expand our activities in supply & installation of new products to serve our clients beyond their expectations and explores new and innovative way to create landscape design to give each garden a distinctive character. We administer everything from **Design to development and periodic maintenance** of landscaping Projects for residential, infrastructure and Industrial sectors.

Using our knowledge and team of expertise, we thoroughly evaluate every property, discuss the clients preferred design requests, and then provide detailed schematics and Graphics so you can visualize your dream garden even before we break ground.

While on execution of project we strictly observe the laid down **Municipality instructions** at each stage while handling job like earth excavation, Soil Levelling and disposal of waste.

MOTION COMPANY WLL Supplies, Installs and Maintain fresh plants, with special care to ensure that every plant is free of pest and diseases, We specially caters to the supply and installation of plants to various establishments, thereby creating the right ambiance and enhancing the company's environment.

Our services includes but not limited to:

- ◆ Undertaking supply and installation of Indoor and outdoor plants including Flower supply and arrangements at events.
- ◆ Soft Landscaping design, construction and maintenance
- ◆ Irrigation design, Installation and maintenance
- ◆ Hard Landscape include : Formation of pathway, retaining wall kerb stone works, street furniture, sports flooring, artificial grass & kids play
- ◆ Installation of Pergola, Fountains, and Bridges etc
- ◆ Fertilizer programs through licensed technicians

We deploy skilled gardeners and professional staff to execute the above works by maintaining high level of Safety and Quality standards.

We have successfully completed and currently executing many landscaping projects ranging from indoor & outdoor plants maintenance to providing landscaping & irrigation construction for residential and infrastructure buildings / compounds in Doha, Dukhan and Al Khor.

Please refer to our prequalification file for more information.

MOTION COMPANY TEAM

A vertical photograph of a waterfall cascading down a rocky, moss-covered cliff. The water is white and frothy as it falls, surrounded by lush green foliage and trees. The image is partially obscured by the text on the right.

Our aim is to participate to improve our well-being by transforming our living space into Clean Technology and Green Spaces as well as to promote sustainable practices.

Inspired by the Global and Country vision To Go green, our Vision is to pursue knowledge, practices and provide services that can lead to more environmentally friendly lifestyles, which can help protect our environment and sustain its resources for current and future generations.

**OUR
VISION**

Our Commitment to Excellence

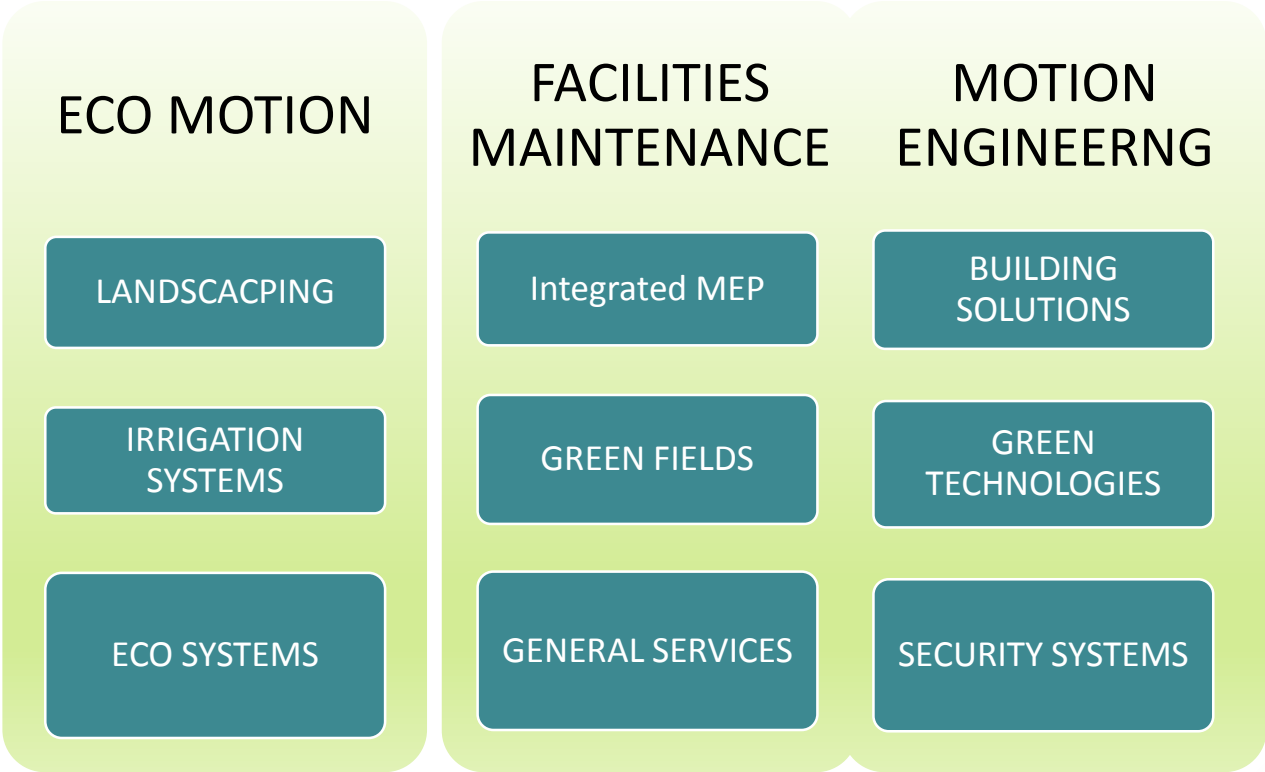

Motion brings together a team of highly competent, like-minded experts with diverse backgrounds, who are committed to address the needs of your business at a price that suits your budget.

- ✓ We shall ensure that our solutions are the smart choice for your business needs.
- ✓ We Work in partnership with our clients and their advisers to find cost-effective and long-term solutions for their projects requirements.
- ✓ We provide turnkey solutions, from initial design to final handover
- ✓ We Link products and services where appropriate to reduce installation, maintenance and whole life costs.
- ✓ We Work as fully accountable management contractor, providing a single source of responsibility to oversee every aspect of project management and deliver a fast-track solution.

What We Do ?

To achieve its vision, Motion has grouped its operation into three divisions that brings together a team of highly competent staff and serve as one stop shop and solution provider for our customers when it comes to their green products, energy needs, building solutions and maintenance support.

HSE is our culture

We demand that all our installations meet the highest standards of safety for our staff and customers.

We give a professional service of a quality that meets the customer's demands and incorporated into this is to improve all aspects of safety awareness and therefore the overall culture.

Motion Mission is to provide our customers excellent services and value while Causing NO harm to people , to assets or the environment and Maintaining a culture of professionalism and mutual respect

, To accomplish this , Motion will, as a matter of policy:

- ✓ Promote a culture in which HSSE performance is paramount
- ✓ Have goals and incentives for improvement of HSSE performance
- ✓ Measure HSSE Performance and develop improvement plans
- ✓ Recognize that HSSE is the responsibility of everyone

Total commitment to working safely and full compliance with HSE programs are embedded in our company culture.

ECO MOTION

Landscaping / Irrigation / Eco Systems

Landscaping

GO GREEN

At Motion we explore new and innovative way to create landscape design to give each garden a distinctive character.

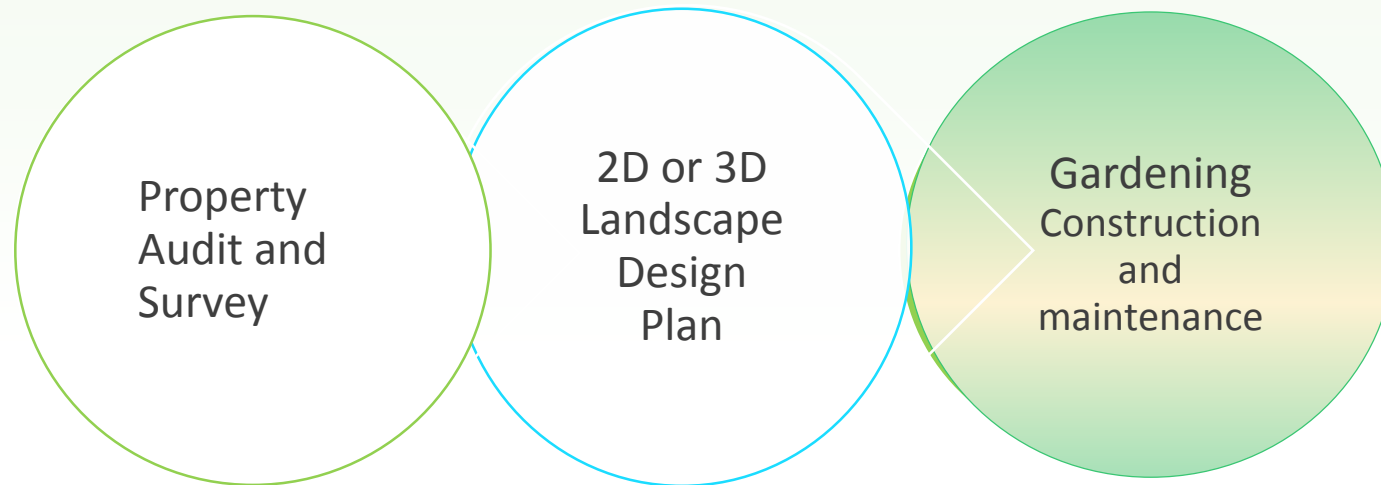

We administer everything from Design to development and periodic maintenance for residential, infrastructure and Industrial sectors.

Our design team works with you to create a landscape that complements and accentuates your home or facility's style and special features.

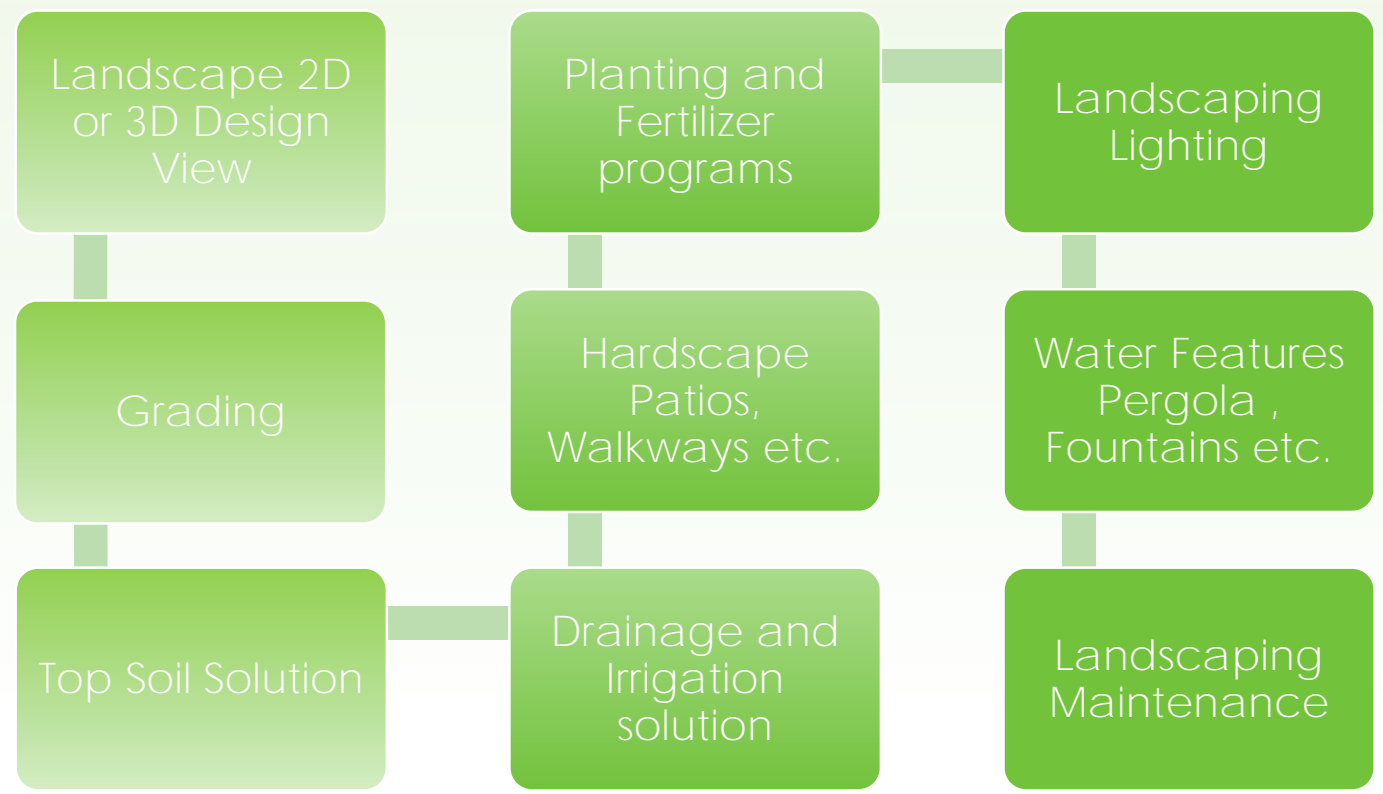

Landscaping Design and Build

- ✓ we evaluate your property for proper landscape and water management
- ✓ we work with your existing survey to develop a grading plan
- ✓ we determine the best plants for your location and recommends selections from hundreds of plant species and varieties

Landscaping Our Services

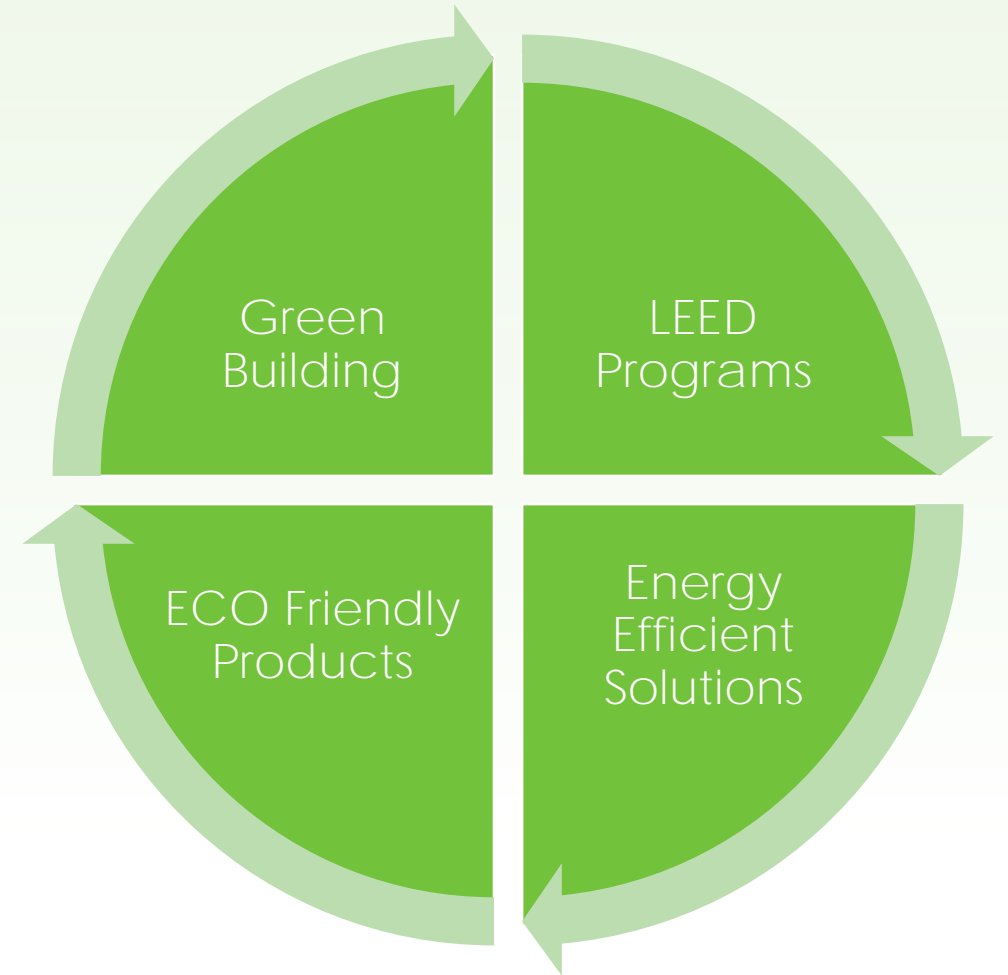

Irrigation

- ✓ Eco Motion designs, and installs all types of irrigation including main pipes, pumps, water tanks, drip irrigation, micro spray emitters, valves and assemblies for the landscape and agriculture.
- ✓ Our all-in solutions often take into account an efficient irrigation system that requires a quality sprinkler system design, excellent water management skills and regular system maintenance which extend beyond the realm of traditional engineering.
- ✓ We ensure that our solutions are always accurate, controlled, consistent and creative by applying water efficient management techniques by providing PLC controllers and tuning -up the irrigation systems that can yield to substantial water savings while producing better plant growth.

Eco Systems

- ✓ Promoting Green building Solution or Green business practices are an essential component of our green vision.
- ✓ By building Green or retrofitting existing buildings to reduce energy and water use and incorporate sustainable construction materials. this will significantly reduce our carbon foot print impact.
- ✓ We can work assist you by developing an eco-plan for your building or facility that can reduce energy use and carbon emissions of your building and Green Certify your Building By:
 - upgrade air conditioning, heating and ventilation systems,
 - retrofit lighting systems
 - adopt other green operating practices
 - promote the use of Clean Tech products.

KEO'S REMARKS :

Refer to attached comments sheet for your action.

No objection subject to incorporation of all comments as noted

Corrections or comments made relative to submittals during this review does not relieve the contractor from compliance with the requirements of his Contract, drawings and specifications. This review is only in respect of general conformance with the design intent of the project and general compliance with the information given in the Contract documents. The contractor remains responsible, among other things, for the design of the project or such parts of the project he has design responsibility for (if design forms part of the Contract), for confirming and correlating all quantities and dimensions, selecting fabrication processes and techniques of construction, coordinating his work with that of other trades, and performing his work in a safe and satisfactory manner, all in accordance with the Contract.
